Dream Home Opens Soon

On the back page of this newspaper is an advertisement of unusual form. It has to do with the Cook County Herald's Dream Home Exhibition which opens officially March 17th.

To the merchants who are furnishing this wonderful home a great deal of credit is due. Thousands upon thousands of persons not only from Arlington Heights and surrounding territory but from Chicago as well, will visit this home. So the business men who are co-operating in the Dream Home movement are putting forth every effort to make outsiders realize that our trade at home movement is warranted as proved by the displays at the Dream Home.

And at the same time these merchants will conduct a special sale that is bound to bring trade from far and near. People will go back to their homes and talk of the wonderful values and the class of merchandise that can be purchased in Arlington Heights. They will also talk of the class of homes that we have in Arlington Heights for the Dream Home is the

We are not even going to attempt to describe the beauties of this home for it would take a whole newspaper to do so. We want the public to be their own reporter and their own newspaper. We want you to visit this home and then write your Chicago friends to come out.

We want you to boost Arlington Heights to the skies. You can't say too much about this community because it will stand behind you in fact.

Now folks read the back page of this issue and watch the same space next Friday for the real announcement.

In the meantime the Dream Home is open, although not furnished until March 17th, for your inspection.

Start your thinker to working and see how many friends you can bring to the "Heights" for this exhibition. It is going

Fire Department Invites Others

The Mt. Prospect Volunteer Fire Department has something up their sleeve and have extended invitations to all the other organizations to have a committee represent them at the next fire department meeting on Thursday, April 5. The firemen want this committee to gather at their meeting, discuss ways and means by which they may secure for the village a new modern fire truck, which would be representative of the progress of the village and to consider the method of securing it with the least cost to the citizens of the village. Just what plan will be worked out, i hard to say, but we feel sure that something agreeable will result with this method. Better watch the Herald for other news on this subject as soon as the committee ha had its regular meeting.

True it is, that Mt. Prospect should have a new modern fire truck that will be in harmony and keeping with all the other modern improvements made by the village. While we are on the subject of the Fire Department, let the Her-

HERMAN G. LORENZ Herman Gustave Frederick Lorenz was the son of Frederick Lorenz and Marie nee Rosenow. He was born on April 15, 1856, at Northfield, Ill. This neighborhood has been his dwelling place for the duration of his life. Being thus a native son of this community and a pioneer he left his footprints on the development of town and community life by the service he rendered. He was prominent in civic affairs at a time when the tasks that confronted town boards and executive committees were more complex than at present. He was also a promoter of the Northbrook Fire Department and for many years was an active member of the Northbrook Board of Education. NILES CENTER, ILL.

"Get the message through" In the Sixties the "pony express" carried the mail over moun-

tain and Indian wilderness from St. Joseph, Missouri, to San

Francisco. The express riders and station keepers won un-

dying fame for getting the message through, regardless of

hardship or danger. In fact and in spirit, the Bell System is the lineal descendant of the pony express. Operators volunteer to remain at their switchboards in the face of fire, flood or other great danger. Linemen go out to repair the lines in time of accident

to endanger their lives. It is the spirit of communication that bids them, "Get the message through." ILLINOIS BELL TELEPHONE COMPANY
